

As we continue to grow, we will find that there are times when we make mistakes or we fail. This can be discouraging. We must always remember not to give up; as perseverance enables us to see success.

Instructions:
Each player puts their counter on the first square and takes turns to roll the dice. Move your counter forward the number of spaces shown on the dice. If your counter lands at the bottom of a ladder, move up to the top of the ladder. If your counter lands on the head of a snake, you must slide down to the bottom of it. The first player to get to the last square is the winner.

You will need: Counters for each player and a dice.

There will always be times where we need to persevere. You may never win Snakes & Ladders all the time! But when you persevere and keep on going, how does it feel when you succeed?

What will help you to persevere?
