

The school timetable is there to tell you all you need to know – what you are doing, where you are doing it and when you are doing it.

Here is an example of what a timetable might look like:

Down this side, you can see the different days of the week.

Across the top, you can see the number of lessons in the school day, and the times of these.

| | Lesson 1 (9.00-10.00) | Lesson 2 (10.00-11.00) | | Lesson 3 (11.15-12.15) | Lesson 4 (12.15-1.15) | | Lesson 5 (2.15-3.15) |

Your School Timetable will tell you everything you need to get to your lessons. It will tell you the times, places and the subjects.

If you are ever in doubt about where you should be, ask a teacher. They will tell you the right answer, as they want you to be in the right place at the right time!
